It is important that we have your most up-to-date information. The online directory is one of the best resources that the Alumnae Association can provide to alumnae for networking and sharing their experiences with one another.

Your alumnae class year, business information and professional and life experiences will only be viewable to your fellow alumnae.

4. Explore the portal: There is an easy way to navigate from this page.

Clicking on any of these quick-link tabs will bring you directly to that specific page:

Directory, Class Notes, Careers (Chapin Career Network), Discussions & Make a Gift (Donation Form)

5. Search Feature: If you go to the directory, you can search for alumnae by location by filling out city/zip code, state/province, and country.

If you go to the Directory, enter a location to find alumnae in a specific address or class year.

Example: "New York" or "10028" or "United States" or "1990"

6. Search by Keyword: If you go to the directory, you can search for alumnae by **profession** by using keywords.

Searching by keyword allows you to find alumnae in a specific profession.

Example: "graphic design" or "law" or "education."

7. Shift from other areas of the Chapin website back to the Alumnae Portal: If you leave the Alumnae portal to go to a non-password protected area of the Chapin website, click the 'Portals' button on the bottom black bar and click 'Alumnae Portal' to go back to the portal.
